PLATEAU QUAIL AND SMALL WILDLIFE STATION

Encourage quail and other small wildlife, including coveted songbirds, to flourish on your land with this one-of-a-kind feeding and drinking station that stands above the competition.

The Plateau Quail and Small Wildlife Station helps to attract, retain, and improve the bird and small wildlife population on your land with its smart design, combining high quality with low maintenance.

Fully enclosed by 4" x 4" heavy-gauge cattle panel, this system prevents non-target species, such as hogs and deer from consuming the food and water while also providing protection for smaller wildlife.

\$1,295* or \$1,495 installed**
