Custom Annual Service Agreements

With a Service Agreement we'll take care of your activities for you.

Many Plateau clients simply don’t have the time, desire, or ability to do all of their wildlife management activities themselves. Whether it’s compliance with the Central Appraisal District (CAD) that you’re after, or premium land stewardship, we understand that every client’s needs are different. We’ll work with you to design a customized service agreement that fits your land and wildlife goals.

Starting at $237.50 per quarter
